# Life at St Dionis

## Tim writes ...

'There is nothing so powerful as an idea whose time has come' There was a lot of talk around David Cameron's idea of the 'Big Society' a year or so ago. At its heart, the vision for the Big Society is to empower community, open up public services and foster social action (see [www.cabinetoffice.gov.uk/big-society](http://www.cabinetoffice.gov.uk/big-society)). And when I read about the early church in the book of Acts (eg 2:42-47) I am encouraged to think that this is exactly what God's kingdom on earth is like; a kaleidoscope of empowered communities all active in serving their respective localities to the glory of God. It is why at St Dionis we contribute to our local Foodbank; it is why we are committing to hosting our first Nightshelter this term; it is why we support Streetbank. If you would like to play your part in God's Big Society here in Parsons Green, then please do get in touch. In the meantime, a very happy new year!

## Children's Corner Dee writes ...

What a difference a year makes! We praise God for all the incredible opportunities and doors that have been opened and the potential for the Kingdom of God to be established in Parsons Green. The Christmas season saw a record number of children and families being welcomed in and witnessing the light of Christ. Children's groups are growing and will be exploring Old Testament kings this month. We continue to develop our growing relationship with both New Kings and Sullivan Schools. We are praying for more volunteers and people who are passionate about seeing growth within the Children's Ministry and could help in any way. Please pray with us. Pray for our children and their families, for our local schools and all those involved in growing and transforming Parsons Green.

Yours in Christ, Dee
